forestapp.cc

What if staying focused meant planting real trees on planet Earth?

Forest team partners with a real-tree planting organization to plant trees when you focus.

It's like a phone game that gives you time rather than taking it away from you.

Forest is an app that helps you stay focused on the important things in life.

Whenever you want to stay focused, plant a tree.

Your tree will grow while you focus on your work.

Leaving the app halfway will cause your tree to die.
